MEMORANDUM

To: Bonita Lavelle & Chris Weis

FOIA EXEMPT

From: Mary Goldade

Date: April 7, 1999

Project Name: Vasquez Boulevard & I-70: Risk-based Sampling Report

RE: Confidential Residential Locations for the Properties Identified for Removal Action

cc: Project files

In order to maintain the confidentiality of residences identified for removal action, the addresses of these properties have not been published in the Risk-Based Sampling Report prepared by ISSI for this investigation. Instead, a Residence Location Code has been assigned to each property and presented in the report. The table below serves as a cross-reference guide for EPA personnel who must know the locations of these properties.
